

## Note From the President

WOW, who would have thought I would be doing this, but I'm excited to be and I'm ready to get started.

I hope that everybody had a Very Wonderful Christmas and a Happy New Year.

It just doesn't seem it should already be 2008. I guess what they say, "when your having fun, time flies" and I guess it's true cause 2007 flew by FAST. Hopefully this year won't go by as fast.

So are you guys ready to get started. We are working on making plans for the year. We are hoping that we are going to keep you hopping this year. So I hope that you guys get started getting your cars ready for a busy year.

## Happy New Year

The new year brings some changes for the MTVWC, and is the start of another great season for shows and club activities.

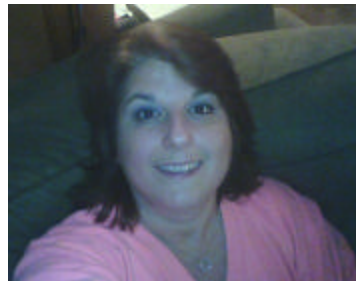

First, Congratulations to all club officers for 2008. Thanks to all for volunteering your time.

This is also time to renew your membership. Inside you'll find a renewal form,

I am asking if you have any ideas for the year, please come to one of the activities coordinators and let them know. We want to try and do some new things this year, so please, if you can think of something that would be fun for everybody to do, just let us know.

I'm looking forward to this year with our panel and think we will have a good year.

I want things to VW great in 08

## Frosty Wheels—by Faye Payne

As you know, Frosty Wheels 2008 was held January 4, 5, 6. This year we had 4 cars showing. I would like to thank the people showing this year. George Kittrell Sr. Jerry Gober, Wayne Harris and Grady Welch. Thanks guys for bringing your cars out and representing the club. All the cars looked great. I would also like to thank all of the club members that came out to support the club. It was a good weekend for a show, the weather was great. Thank goodness it wasn't cold like it was at the first part of the week.

We want to congratulate all the winners, they were:

- George Kittrell Sr, 1st place
- Wayne Harris, 2nd place
- Jerry Gober 1st place
- Grady Welch 3rd place

Congratulations to all of them. Job well done.

If you have never been to this show, this show has all different kinds of cars, trucks, bikes, sale cars and plenty of stuff to walk around and look at. The good thing about this is we get just as much attention as the other cars do and this year we had a lot of people come by and loved looking at the cars. Everybody that walked by would stop and look and everybody was talking about how nice the cars looked and how much they liked them. So that makes you always feel good. Other people love our cars just about as much as we do.
